Dear Joe,

I hope this mail finds you well and happy new year! I wanted to talk to you about an opportunity. One of our Cohort 2 participants, The TradeChainX team is in terested to see if there is any room for collaboration.
Ethiopia is rapidly developing its national framework for climate action and carbon markets, yet it faces a critical challenge in ensuring robust, transparent Monitoring, Reporting, and Verification (MRV) of emission reductions. The current manual and fragmented MRV processes struggle to keep pace with the country's ambitious climate initiatives, risking data gaps, higher costs, and limited trust among stakeholders. Kijani MRV addresses this gap by introducing a digital verification layer. This blockchain-backed platform will immutably track carbon project data to complement (not replace) Ethiopia's national MRV system.

The TradeChainX team is curious to know if you already have any infrastructure set-up for Ethiopia registry. if so we would like to discuss potential collaboration in integrating the registry bridge.

The project team lead is part of the Accelerator, thus can really move things forward. They are very serious to pilot the project. They have already partnership with Ministry of Planning and this project has a potential to take off with the Ministry if we can showcase a good use-case. Thus, I wanted to ask you whether we could organise a call and you can meet the team if you are interested.

Looking forward to hearing back from you.

Best regards,
Burcu Mavis

Hi Burcu,

Thanks for sending this over and Happy New Year to you too.

This sounds like a really strong opportunity, especially given the political buy-in mentioned. We can definitely help with the registry and monitoring post issuance, the MRV of project specific project development would need to be designed for the project specifically.
I'm definitely interested in meeting the team to discuss how we can help. Let me know what time works best for a call next week.

Thanks,
Joe

Dear Joe,

Thank you so much for your email. Do you have some time to meet this Friday? If yes, can you please let me know your availability for Friday?

Morning Burcu, Kitovu

No problem. I'm free 0800 - 0900 / 1200-1400 GMT.

Thanks,
Joe

Dear Joe,

Thank you so much for the call now. As discussed we're happy to move forward with the integration of the registry bridge. I added the rest of the team to the telegram channel.

Let's discuss commercials in more details with the UNDP Ethiopia next week. But I think we are in agreement.
Regards,
