Confirmation of Inclusion on the JET Funding Platform Project Register and Eligibility for Matching

Dear Mr Johannes Paulus Spangenberg

We are pleased to confirm that your project, **FuelSwitch (ref. 20241213-d925f4)** has been reviewed and approved by the JET Funding Platform Project Review Committee for inclusion on the **JET Funding Platform Project Register**.

This confirms that your project has met the platform's eligibility and assessment criteria and is recognised as a potential contributor to South Africa's **Just Energy Transition (JET)** objectives.

The **JET Funding Platform**, launched in late 2024, is a key enabler in achieving South Africa's JET goals. It serves as a pivotal matchmaking service, connecting grant funders with potential beneficiaries of JET projects, and addressing critical funding gaps, particularly for smaller-scale initiatives and capacity-building projects that are essential for a successful and inclusive transition away from coal dependency.

Your project's inclusion on the Project Register confirms that it is **eligible for matching** with potential funders through the JET Funding Platform. Please note that while your project is now eligible for matching, funding decisions rest with individual funders, following their own due diligence processes, priorities, and funding cycles.

Matching will be undertaken within a collaborative framework between the JET Project Management Unit (PMU), the funder, and your project, as outlined in the Funding Platform Matching Agreement. This framework reflects our shared commitment to impact, transparency, alignment with national objectives, and results-based management.
