Event of Default	shall have the meaning set forth in Article 8.
Loan	shall have the meaning set forth in Article 1.
Maturity Date	shall have the meaning set forth in Article 4.
Party(ies)	shall mean individually either the Lender or the Borrower and, collectively, all together.
PC	shall have the meaning set forth in Article 3.
Project	shall have the meaning set forth in preamble B.
USD	shall mean United States dollar.

PREAMBLE

A. The Borrower has asked the Lender for a Loan (as defined below).

B. The Borrower intends to implement a traceability and certification system for plastic recovery using the Borrower's platform in order to support UNDP India's transition toward expended producer responsibility through blockchain traceability pilots.

C. The Lender is willing to grant the Loan to the Borrower in accordance with the terms and conditions of this Agreement.

Now, therefore, the Parties agree as follows:

1. Loan

The Lender undertakes to grant to the Borrower a loan in the aggregate principal amount of EUR [redacted] (the **Loan**), and the Borrower undertakes to repay the Loan (in principal and interest) to the Lender, in accordance with the terms and conditions of this Agreement.

[redacted]

2. Purpose of the Loan

The Borrower shall use the Loan for the implementation of the Project.

3. Interest

The Loan shall bear interest at a fixed rate of [redacted] per annum from (and including) the date on which the amount of the Loan is effectively transferred to the Borrower in accordance with Article 1 until (but excluding) the Maturity Date (as defined in Article 4).

Interest shall be calculated, *pro rata temporis*, on the outstanding principal amount of the Loan on the basis of the actual number of days elapsed and a year of 360 days divided into [redacted] each.

The Borrower shall pay accrued interest annually in arrears on the anniversary date of this Agreement and the last time on the Maturity Date. The interest shall be paid in first priority in the form of plastic credits (the **PC**) originating from the PCs generated and sold within the Project, valued at a market value of USD [redacted] per kilogram.

For the avoidance of doubt, although the Loan is denominated in EUR, the value of the PCs delivered in repayment of principal and interest shall be determined in USD at a reference price of USD [redacted] per kilogram. The EUR equivalent shall be calculated by converting such USD value into EUR at the EUR/USD exchange rate published on the effective date of the relevant repayment or interest payment.

The PCs shall be transferred to the Lender. In the event that such transfer cannot be effected, the Borrower shall make the interest payment in cash.

The provisions of Article 8 (*Events of Default - Acceleration*) are reserved.

4. Repayment on Maturity Date

Subject to Articles 5 and 8, the Borrower shall repay the full principal amount of the Loan on [redacted] (the **Maturity Date**), together with all interest accrued at that date.

5. Voluntary Prepayment

The Borrower may prepay the Loan at any time before the Maturity Date, either in full or in an amount that must be an integer multiple of EUR [redacted], without incurring any penalty or fee, provided that the Lender is given [redacted] days' prior notice. This notice must specify the amount and date of the voluntary prepayment and will be irrevocable, obligating the Borrower to make the voluntary prepayment on the specified date.

In the event of voluntary prepayment, the Borrower shall pay all accrued interest as of the prepayment date on the principal amount being repaid. For the avoidance of doubt, the interest will be due on the date the prepayment is made.

6. Default interest

If the Borrower fails to pay any amount owed by it under this Agreement (whether in principal, interest, costs or otherwise) when it is due (including on the Maturity Date or in case of acceleration due to an Event of Default pursuant to Article 8), default interest shall automatically accrue on the overdue amount at an annual rate equal to the rate set out

in Article 3 plus 5%, without the Lender having first to serve any notice to or to initiate any judicial or debt enforcement proceedings against the Borrower.

Default interest shall be calculated, *pro rata temporis*, on the overdue amount on the basis of the actual number of days elapsed and a year of 360 days divided into 12 months of 30 days each, from (and including) the relevant due date until (but excluding) the actual date of payment.

The payment of default interest shall be without prejudice and in addition to any other rights available to the Lender at law or under this Agreement (in particular under Article 8) in case of late or default payment.

7. Representations and warranties of the Borrower

The Borrower makes the following representations and warranties to the Lender:

a. the Borrower is a corporation duly incorporated and validly existing under the laws of Ireland;

b. the Borrower has the capacity and the necessary powers to enter into this Agreement and perform its obligations hereunder; and

c. the competent corporate bodies of the Borrower have validly approved the entry into and performance of this Agreement by the Borrower.

The above representations and warranties are made on the date of this Agreement and are deemed to be repeated on the date on which the amount of the Loan is effectively transferred to the Borrower in accordance with Article 1.

8. Events of Default – Acceleration

Each of the following events is an **Event of Default** (irrespective of whether the Borrower is at fault or not):

a. the Borrower fails to pay any amount owed to the Lender under this Agreement (whether in principal, interest, costs or otherwise) when it is due; or

b. the Borrower fails to comply with any other obligations under this Agreement (including, in particular, the obligations under Article 10), unless such failure is remedied to the satisfaction of the Lender within 10 days after notice of such failure is given to the Borrower by the Lender; or

c. any representation or warranty made by the Borrower in Article 7 is or proves to have been incorrect; or

d. the Borrower becomes insolvent or is subject to debt enforcement proceedings (including, in particular, any bankruptcy, seizure of assets, enforcement of security,

sequestration orders, moratorium or composition with creditors) or any similar proceedings; or

e. a resolution is passed or a judgment is rendered for the liquidation of the Borrower.

At any time upon the occurrence of an Event of Default, without prejudice to any other rights available to the Lender at law or under this Agreement, the Lender shall have the right (but not the obligation):

a. to terminate this Agreement with immediate effect; and/or

b. to require the immediate repayment of the full outstanding amount of the Loan (including all accrued interest) and to declare immediately due and payable any other amounts owed by the Borrower under this Agreement.

The Lender shall exercise the above rights by giving notice to the Borrower. However, if the Borrower is declared bankrupt or enters into liquidation for any other reason, then this Agreement will automatically terminate with immediate effect and all amounts owed by the Borrower under this Agreement will become immediately due and payable without the Lender having to serve any prior notice or to take any other prior steps.

Immediately upon becoming aware of the occurrence or likely occurrence of any Event of Default, the Borrower shall notify the Lender, but failure to give notice shall not affect any right of the Lender under this Agreement.

9. Payments

The Borrower shall pay any amounts owed under this Agreement (whether in principal, interest, default interest, costs or otherwise) (i) in EUR, (ii) in full without any set-off and (iii) in immediately available funds to the following bank account: UBS / Fondation Valery / IBAN : [redacted] or to such other account as the Lender may designate from time to time to the Borrower.

Any amount paid by the Borrower under this Agreement and actually received by the Lender shall be allocated in the following order:

a. first, in payment of any default interest and costs due and payable under this Agreement;

b. second, in payment of any interest due and payable under this Agreement;

c. third, in payment of any principal amount due and payable under this Agreement.

10. Other undertakings of the Borrower

As long as the Loan has not been repaid in full (in principal and interest):

a. the Borrower shall provide to the Lender quarterly progress reports, Project milestones, fund utilization and impact metrics;

b. the Borrower shall notify the Lender of the occurrence of any legal, financial or commercial event which may materially affect its ability to repay the Loan;

c. the Lender reserves the right at any time to demand proof from the Borrower of any operation related to the Project.

11. Costs

Except as expressly provided otherwise in this Agreement, each Party shall bear its own costs and expenses (including advisory and legal fees) incurred in the negotiation, preparation, completion and enforcement of this Agreement.

12. General Provisions

12.1. Confidentiality

The Parties undertake to keep the terms and conditions of this Agreement in strict confidence and further undertake not to disclose any such information to third parties, except as may be required by law in the context of mergers, acquisitions or similar transactions or as mutually agreed.

12.2. Notices

All notices and other communications made or to be made under this Agreement shall be given in writing or electronic form and be delivered by post, courier or email to the addresses indicated on the first page of this Agreement, unless otherwise notified by a Party.

Any notice to be given hereunder shall be deemed to have been duly given, if given prior to the expiry of a term or deadline set forth in this Agreement (if any).

12.3. Amendments and Waivers

This Agreement may only be modified or amended by a document signed by the Parties. Any provision contained in this Agreement may only be waived by a document signed by the Party waiving such provision.

12.4. Entire Agreement

This Agreement constitutes the entire agreement between the Parties with respect to its subject matter and supersedes all prior agreements between the Parties with respect to its subject matter.

12.5. Severability

If any provision of this Agreement is held to be invalid or unenforceable for any reason, the Parties shall replace it by a substitute provision that achieves to the fullest extent possible the same legal and economic purposes as those of the invalid or unenforceable provision. In any event, the remainder of this Agreement shall remain in full force and effect between the Parties.

12.6. Assignment

Neither Party may transfer this Agreement, or assign in whole or in part its rights or obligations under this Agreement, without the prior written consent of the other Party. Any transfer or assignment made without such consent shall be null.

12.7. No partnership

The Parties expressly acknowledge that this Agreement does not constitute, nor shall it be construed as, a partnership agreement or any other similar arrangement.

12.8. Counterparts and Form Requirements

This Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute but one and the same instrument. This Agreement will become effective when duly executed in writing or in electronic form (such as Skribble, DocuSign or AdobeSign, or which contains an electronic scan of the signature) and be delivered by post, courier or email; the counterpart so executed and delivered shall be deemed to have been duly executed and validly delivered and be valid and effective for all purposes.

13. Governing Law and Arbitration

13.1. Governing Law

This Agreement shall in all respects be governed by and construed in accordance with the substantive laws of Switzerland, without regard to conflict of law principles thereof.

13.2. Arbitration

Any dispute, controversy or claim arising out of, or in relation to this Agreement, including regarding the validity, invalidity, breach or termination thereof, shall be resolved by arbitration in accordance with the Swiss Rules of International Arbitration of the Swiss Arbitration Centre in force on the date on which the Notice of Arbitration is submitted in ac-

cordance with those Rules. The number of arbitrators shall be one. The seat of the arbitration shall be Geneva, Switzerland. The arbitral proceedings shall be conducted in English. The Expedited Procedure shall apply.
